Don't Fail to Attend the Edellyn Farms Shorthorn Sale at Wilson, Illinois, Monday, June 8, 1936

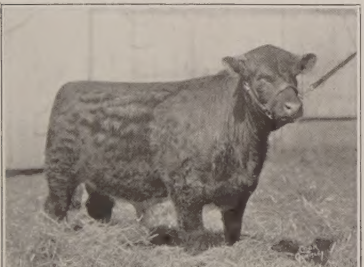

Edellyn Emigrant (imp.) will bring fame and fortune to his new owner. He was bred in Scotland, is a grandson of Neemoor Jasper on his sire's side and a grandson of the noted Collynie Royal Leader on his dam's side. He showed in the same class with Sultan Browndale and was second to him at most every show.

Goldfinder Diamond is square, square and deep with a grand head and a thick covering of smooth flesh. This son of Imp. Calrossie Goldfinder was shown with success as a junior calf and will win again as a yearling. Note this fact, — Goldfinder Diamond is out of an imported dam and is a double grandson of the noted Collynie Royal Leader.

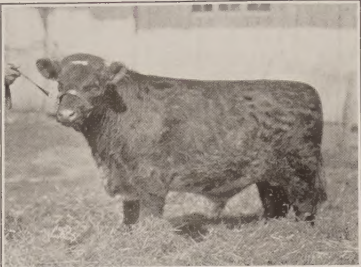

Edellyn Leader is a son of Raveni Leader and out of a beautifully bred Rosewood dam strong in the blood of Avondale. Here is a calf that will win in the senior calf class this year and he has everything to recommend him as a future great sire.

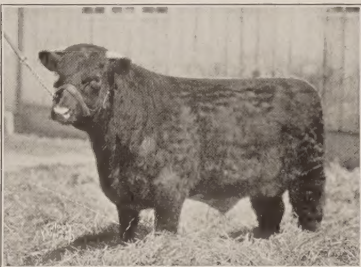

Brownale Regal Star is a very smooth, well balanced calf sired by Raveni Leader. He comes from a family of low set, thick animals of grand type and all of the females were heavy milkers. Here is a bull whose color, conformation and ancestry recommend him highly.

Over two hundred Shorthorn cattle breeders have made their herds famous through the use of bulls bred at Edellyn Farms. Eighteen more far-sighted breeders will make history through the use of the bulls they purchase in this sale.

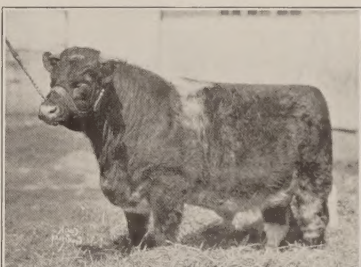

WILL YOU BE ONE OF THEM?

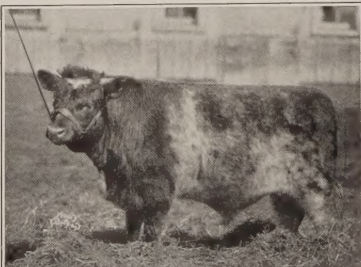

Edellyn Crown Prince is a very square, compact calf with a level top and bottom and a grand head. He is a son of Imp. Calrossie Goldfinder and the five top dams in his pedigree were all bred by James Durno. The sturdiness and blackness of the bulls out of these imported females is very impressive.

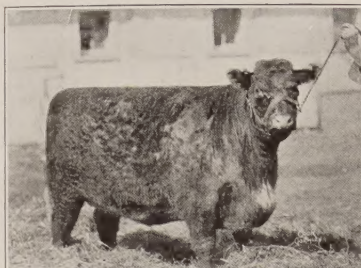

Brownale Leader is one of the most valuable bulls we ever produced. He is perfect in type, has the head and neck of a real sire and is wonderfully covered with thick flesh. If you want a summer yearling that will win and a stock bull of the very highest order, backed by the blood of both Raveni Leader and Brownale Count, buy this bull. His dam is solid red.

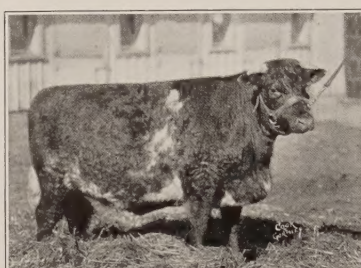

Edellyn Lentin Knight is a perfect stock bull type and you cannot fail to be impressed with his thickness and blackness. His dam is a beautiful roan imported female bred by Duthie Webster. Study this bull.

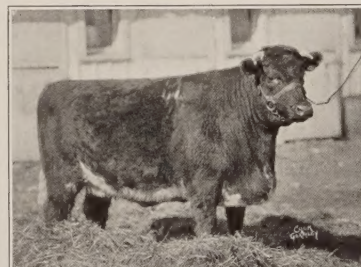

Leader's Crown is a strong prospect for the senior calf class, and is one of the thickest and deepest bodied bulls in the offering. He is by Raveni Leader and his solid red imported dam is a granddaughter of Masterstroke by Max of Cluny.

Edellyn Rosewood 21st is easily one of the most valuable females that has been sold in many years. She is a perfect type for a brood cow and her dam, a winner of an International grand championship, is a wonderful producer.

Edellyn Beauty 15th will be a top female in any herd into which she goes. Her sire was Imp. Calrossie Lord Rothes, her dam was by Brownale Count and her granddam was by Rodney.

Edellyn Nonpareil 6th is a beautiful heifer sired by Imp. Calrossie Goldfinder and she is out of the same imported cow that produced Brownale Masterstroke, the top bull in our 1932 sale, now in service in the herd of Wilson Bros.

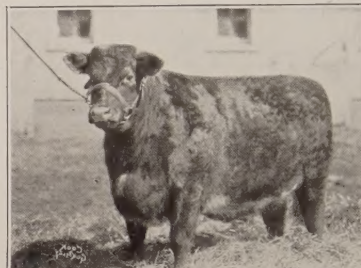

Edellyn Broadbooks 3d was the junior calf in our show herd last year and she looks like a real winner for the junior yearling class this year. She is a daughter of Raveni Leader, dam imported.

Hundreds of females produced at Edellyn have gone into other herds where they have proved to be the top individuals and the most dependable producers. Those who buy the twenty-five beautiful females in this sale will have made more secure their positions as leaders in the industry.

WILL YOU BE AMONG THEM?

Edellyn Goldie 5th is the type upon which successful herds are founded. Her sire was Imp. Calrossie Lord Rothes, her dam was imported and she is safe in calf to Sultan Brownale, the 1935 International grand champion.

Edellyn Clipper 17th was the first prize senior calf at the National Shorthorn Show at Des Moines last year and she shows equal promise as a senior yearling. — A daughter of Calrossie Goldfinder.

Edellyn Lavender 2d was a good winner as a junior yearling in 1935 shows and is a splendid two year old for this year. She is a daughter of Imp. Calrossie Goldfinder and out of a dam by Brownale Goldie Jr.

Edellyn Orange Blossom 18th is a heifer of good type, very attractive in her dark roan color and she is safe in calf to the International grand champion Sultan Brownale.

SUCCESS IS ASSURED TO THOSE PROGRESSIVE MEN WHO WILL BUY THESE ROYALLY BRED EDELLYN SHORTHORNS
